About Disability Services

Disability Services provides long and short-term academic, housing, and meal plan accommodations for Mason students. To register with Disability Services, students should complete the following steps:

1. Complete and submit the Student Self-Identification Form.
2. Submit documentation of disability from the appropriate health care provider.
3. Participate in an interactive initial meeting to discuss accommodations.
4. Contact Disability Services directly with questions or concerns.

Eligibility

Disability Services proudly supports a variety of disabilities or conditions including:

- ADHD
